

Understanding the Mental Health System for Children, Young People and Families

Focusing on the culturally diverse needs of the south western Sydney community

An interactive forum for mental health and community workers, working with children, young people and families from culturally diverse backgrounds.

Keynote Speaker

Sekneh Hammoud- Beckett is a Registered Psychologist and Narrative Therapist. Currently Sekneh works in private practice providing therapy, consultancy, teaching and supervision. When not immersed in the therapeutic space, she is engaged in community advocacy roles.

seknehbeckett.academia.edu

Panel discussion with case scenarios and representatives from local services.
